

# Remember to use your wellness allowance before December 31.

The year is coming to an end and so is the chance to use this year's wellness allowance. Make your purchase no later than December 31 in order to boost your well-being!

Don't have the opportunity to enjoy your wellness before the end of the year? No problem. You can always choose a service that is purchased now, but which can also be used next year.

## This is how you do it.

- Download the Epassi app in [Google Play](#) | [App Store](#) or log in to your account at [epassi.se](#).
- Search for your favourite merchant or activity.
- Choose a service that suits you and follow the payment instructions. The amount is withdrawn directly from your wellness balance.
